

Overview of Value Creation

# RIKEN TECHNOS WAY

The spirit of venture, which has been passed down since our founding days, represents the very strength of RIKEN TECHNOS and its "RIKEN TECHNOS-ness." On the occasion of the 60th anniversary of the Company's foundation, we established the RIKEN TECHNOS WAY, our corporate philosophy, based on this concept of "RIKEN TECHNOS-ness." The word "challenger" used in our mission statement is meant to convey two meanings—a manufacturer that produces high-quality products and an organization that takes on challenges to create new value and satisfaction for people, companies, and society. To make further advances into the future, we will continue taking on new challenges.
